### Filthy Temples in India.

Sacred cows often defile Indian temples, but worse yet is a body that's polluted by constipation. Don't permit it. Clense your system with Dr. King's New Life Pills and avoid untold misery. They give lively livers, active bowels, good digestion, fine appetite. Only 25c at Clay City Lbr. & Stave Co.

Our attention has been directed to the frost which fell last Wednesday night, it being the same day of this month as it thundered in February. It is claimed by some that it invariably frosts on the same day in May following as it thunders and lightens in February. It did this year, but whether it is always the case or not we can not say.

### Happy Time in Old Town.

"We felt very happy," writes R. N. Beville, Old Tow, Va., "when Bucklen's Arnica Salve wholly cured our daughter of a bad case of scald head." It delights all who use it for Cuts, Corns, Burns, Bruises, Boils, Ulcers, Eruptions. Infalible for Piles. Only 25c at Clay City Lbr. & Stave Co. Store.

At Owingsville, W. H. Morgan and Miss Lottie Trumbo were married by County Judge Daugherty Wednesday. Morgan is sixty years old and a decrepit cripple and can walk only with the aid of crutches, while his bride is good looking and not out of her teens. Morgan is a pensioner.

### Virulent Cancer Cured.

Startling proof of a wonderful advance in medicine is given by druggist G. W. Roberts of Elizabeth, W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case hopeless till he used Electric Bitters and applied Bucklen's Arnica Salve, which treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and microbe poisons at the same time this salve exerts its matchless healing power, blood diseases, skin eruptions, ulcers and sores vanish. Bitters 50c, Salve 25cents Clay City Lbr. & Stave Co.

The devil always fishes in shallow places.

### Lexington vs. Clay City.

A remarkable close game of ball was played on the local ground Sunday, between the above teams, showing a very close score and resembling a professional game, Eaton and Russell for the local team doing the finest work ever seen on our grounds. As much could be said for the Lexington boys, but coming from as large a town as they do, as much was expected. Howard of the visiting team, made a phenomenal catch of a fly ball in deep left field, in the 9th. Attendance about 250. The score:

### NOTES

Hot game.  
Game players.  
Bleachers full.  
No kicks.  
Excited crowd.  
Umpire Rhubsky did well.  
Courtney's hat in the air in 5th.  
Ramsey gray headed during the 6th.  
Shimfessel had nervous prostrations in the 7th.  
Common chorus, "Let's have another."  
Cliff Eaton knows how it was done

The small boy had little chance to exercise his lungs.

A "Pitcher's Battle" with Eaton as Major-General vs. Brown General Major.

The "Fat man behind the bat" said McGuire was a "corker."

Alwell said, "For goodness sake don't count errors." He missed one "grass cutter," one "high ball" and incidentally, one finger.

Capt. Gazlay's two sacker in the 10th was a lifter of burdens from heavy hearts. He says, "They can't do it again, I don't always play like that." It is even money, his eyes were on the grand stand.

Nobeck with one run, a single, a double and no errors says, "No need hanging a lantern on it for me boys—I'll put it in the cut next time." Its a mistaken idea that Nobeck can't talk.

Veech Russel behind the bat gave a correct imitation of a man playing ball—no pop balls, squeezing onto fouls and making runners hug the bases.

J. Chalfin wondered how he got to second in the 6th, and while thinking it over, was touched out by the third baseman, who walked over for that purpose.

Short Stop Russell might have gotten action earlier in the game but for watching the grand stand, to see that (she) did not flirt with the "fat man."

Mayor Terry sweats blood in the 11th.

Crowd left the grounds with bowed heads after the 12th.

The next visitors will be Mt. Sterling, and the home boys

should put their star board battery in play and insist upon better support from the "Jackies" on the bags and more activity in the field and the result will not be so sad.

### Saved From An Awful Fate.

"Everybody said I had consumption," writes Mrs. A. M. Shield, of Chambersburg, Pa., "I was so low after six months of severe sickness, caused by Hay Fever and Asthma, that few thought I could get well, but I learned of the marvelous merit of Dr. King's New Discovery for consumption, used it, and was completely cured." For desperate Throat and Lung Diseases it is the safest cure in the world, and is infallible for Coughs, colds and Bronchial Affections. Guaranteed bottles 50c and \$1.00. ## The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it's in good condition. If the movement is sluggish, there's something wrong. It will move 3,558 miles in a year, and requires less than one-tenth of a drop of oil to make it run. But it needs that little badly. The least degree of friction on the bearings affects the motion. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay and satisfy you.
